The Cayman LGBTQ Foundation Mission is to work toward creating and maintaining a safe, inclusive, and equitable culture for the LGBTQ+ community of the Cayman Islands. We are committed to building relationships across each sector that will ensure a safe and culturally sensitive environment between our three islands.

We have met with the RCIPS Commissioner and his team of leaders recently and we are very pleased with to share the results of that meeting with you. The RCIPS have promised to take steps to put several things in place to promote intolerance for discrimination and harassment and to increase the safety and overall wellbeing of our LGBTQ+ citizens. These include:

- Assigning a new LGBTQ+ Community liaison officer
- Additional police training to improve LGBTQ+ Awareness and anti-discriminations measures
